Other journals that deal (at least in part) with paraphysics

The Journal of Scientific Exploration
Subtle Energies Journal
The Electronic Journal for Anomalous Phenomena
P&P - Physics and Psi
PSYCHE: an interdisciplinary journal of research on consciousness
The Journal of Ideas
The Journal of Consciousness Studies

Research Projects, Labs and Conferences that deal with paraphysics or paraphysical subjects

DMILS: Direct Mental Interactions with Living Systems
The Center for Frontier Sciences (Temple University), the Center's Basic Research Links offers a good starting point for further searches about paraphysics and related subjects.

The Science and Medical Network

The Intuition Network has discussion groups on the web that include some of the top people conducting parapsychical research.

Tucson II Conference on Consciousness, "Toward a Science of Consciousness 1996" especially the section on Physics and Mathematics

Conference on Consciousness at Elsinore, "Toward a Science of Consciousness 1997"

Tucson III Conference on Consciousness, "Toward a Science of Consciousness 1998," especially the section Physical and Biological Sciences

There are several parapsychology labs that conduct research in paraphysics. These can be found on the parapsychology resource lists cited below.

Parapsychology labs, organizations and journals are listed separately on the above resources lists. Direct information on parapsychology is not included in this list although there is a great deal of interaction between paraphysics and parapsychology. These two sciences are "fraternal twins," one covering mind and the other one covering the body portion of the mind/matter dichotomy.
