[Copyright Dr. Theresa M. Kelly 2008]

For experients of psychical phenomena who wish to enhance their psychical ability, I can provide for you the following information after a formal online psychical assessment:

- What form of psychical phenomena you are experiencing.
- Developmental training exercises to enhance your ability tailored to that specific form.
- Materials and elements you can incorporate into your life to increase your chances of enhancing your ability.
- Inform you towards a scientific form of measurement for calculating and monitoring your psychical enhancement.
- Explaining to you and providing you with a list of psychological, physiological and environmental factors that may limit your specific enhancing process, or that may become factors later on due to enhancement.
- Suggest reading materials that will help you to better understand your ability from a metaphysical and scientific point of view.
- Offer suggestions for daily practical applications to exercise your ability, specifically vocational and avocational applications in which your ability will enhance you potential to succeed.
- Answer some specific questions you have regarding your ability.

I can offer all of this for the flat rate of \$35. My consultation process includes the following steps:

1. You will choose to hire me through Liveperson.com and pay the consultation fee.
2. I submit two in-depth psychical assessments to you.
3. You fill out the assessments and send them back to me.
4. I calculate the result of your assessment and start compiling the aforementioned information regarding your ability. (Information provided varies in length, 3-7 standard pages depending on complexity and will be sent to you in 2-3 business days.)

I suggest providing me with as much information about yourself relative to your psychical experiences and asking any specific questions you may have to begin with prior to step 4 so I may include them in your session. I will be happy to answer a couple of your questions after you have received and read your session if they pertain to the session. All other questions may require a continuing consultation fee of \$10 or more.

*Enhancement Disclaimer:* Psychical enhancement is subject to the time and dedication of the experient [telekinetic] by means of regularly exercising their ability, incorporating materials and elements into their life to promote enhancement, removing psychological, physiological or environmental factors that limit their potential to enhance and engaging

in educational studies relative to their ability. Therefore, I make no assurances of psychological enhancement based on my expertise and information I provide during consulting sessions.

Love and light,
